EURO GRADE 2 SINGLE KEY LOCK

As with all Euro Grade safes, this model is constructed from solid steel and fitted with 40mm steel sliding bolts to all four sides. There are eight models, varying in size from 72 to 770 litres and as well as the single key lock there is a choice of three alternative locking mechanisms. The door opens to 210° and has a fire seal and provision for a base fixing that is covered by a snap-on cover. Additional fittings include shelving, lockable compartment, metal door pocket and a rotary or tube deposit. Certified according to EN 1143-1 Security Grade II.

ADDITIONAL FITTINGS AVAILABLE

Inner compartment • Shelf • Deposit tube or drum
